# A Warm Welcome to St Giles International Cambridge

Thank you for choosing to come to St Giles International Cambridge!

Our mission is to provide a high-quality, student focussed learning environment, focussed on your real and practical needs; offer a range of student services and help you enjoy your course. That's why we care about your experience from the moment you arrive here in England: we hope that you have a good journey to Cambridge, that will be happy in your accommodation, and we will do our best to ensure you enjoy your stay in Cambridge - and of course to help you to improve your English.

On your first day at St Giles, you will join a special class for new students. You will take a written test and you will have a short interview with a teacher. This will help us put you in the right class. I will meet you on your first day to give you a quick presentation about the school and Cambridge, so you can ask me any questions you have then.

Please read the information in this guide - it has been written especially for you and contains a lot of important information about the school and helpful advice about living in Cambridge.

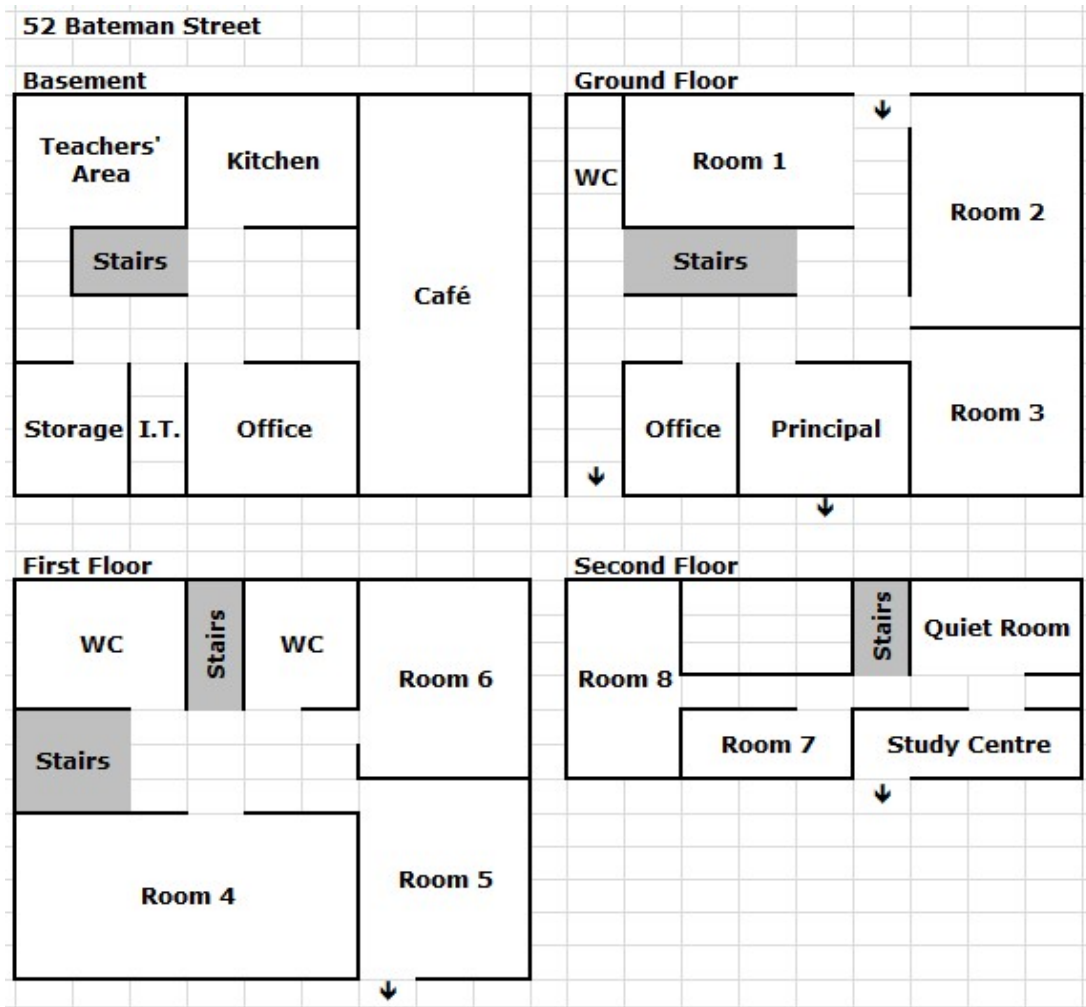

If you have any questions or problems at any time during your stay in Cambridge, please speak to our team of teachers and administrative staff, or you can speak to me immediately. We are here to help!

Stephen Parsons  
Principal

**If you have further comments or questions about your learning, or are interested in preparing for or booking an exam, talk to Stephen in the Principal's Office next to the Reception.**

# Your Course

The St Giles approach to teaching and learning is **learner-centred**. We're interested in why you want to improve your English and we're interested in you! You will often work in pairs and groups because we think this is the best way for you to improve your communication in English. You won't be sitting quietly listening to your teacher.

Your teacher and other students will make you feel welcome in class. Try not to be nervous. Remember, making mistakes in English is good! It shows you are learning.

## Coursebooks

You will use a coursebook in class. Your teacher will tell you which one you need to buy for the class. You should not write in it for the first few days (in case you change class).

If you are studying here for less than 4 weeks, you can borrow a coursebook. You will need to pay a £20 deposit for this during your lunch break on Monday, and not write in the book.

## Resources

You and your teacher will use many different materials and facilities in the classroom. Every classroom has an Interactive whiteboard and, as well as using the coursebook, you will use the Internet, newspapers, songs, films and much more.

**Homework** is set every day, either via the e-school or separately by the teacher. It should take approximately half an hour to complete. This will help you to improve your English. If you are not clear on the homework, or you would like extra things to do in your free time, please ask your teacher.

## Levels of English

There are six levels at St Giles: Beginner (A0), Elementary (A1), Pre-Intermediate (A2), Intermediate (B1), Upper Intermediate (B2) and Advanced (C1). Sometimes the level of your class will be a mix of two levels.

## Progress at St Giles

We want to make sure you feel happy in your class and can see your own improvement in your English. **How do we do this?**

Your teacher will talk to you individually **every second Friday** in **One-to-One Feedback** to discuss your progress and check you are happy in class and in Cambridge.

**You will be sent a Leaving** In your last week, you can also do an **End-of-Course Test**. Both tests are similar to the one you did on your first day and is a good way to check your progress.

**How do I change level:** Talk to your teachers as they know you best and you can also do the **Level Assessment test** if you want to check your level.

**Course Report:** When you finish your course, you will receive a course report with details of your level and the progress made during your course. If you are here for 4 weeks+, you can do an assessment at the end of your course to show the progress you have made.

# Getting the Best out of Your Studies

## Get Organised!

**Give yourself goals** – set both short-term goals (such as when you study) and long-term goals (when you start your course and aim to change classes). Review your goals regularly – what can you do already? How can you reach your new goals?

- **Make a schedule** – choose a regular time to study, turn off your phone and ask your friends not to disturb you.
- **Find somewhere to study** – somewhere you can be comfortable, can concentrate and won't be disturbed. You can use any free classroom for this after your studies or make use of our computer and tablet rooms. The school is open to students until 5pm.
- **Use a file** – it is easier to organise and add to your notes if they are in a file.
- **Vocabulary** – buy a notebook for vocabulary. Organise it by topic and/or alphabetically.

## Get Learning!

**Come to school** – try to come to every lesson and plan your journey so that you arrive ten minutes early for your lessons. Always bring a pen, paper and any books you need.

- **Review your notes** – review your notes after class – organise them and make sure you can understand them. Review homework before a lesson and write down any questions you want to ask.
- **New language** – review new language at the end of the day and again at the end of the week.
- **'In between times'** – use 'in between times', for example on the bus before the lesson starts, to review new language.
- **Leaflets** – See our leaflets in the study center for more information of how to learn outside of the classroom.
- **Don't work for too long** – study for short periods of time with regular breaks every twenty to thirty minutes.

## Get Involved!

**Be active** – learn actively by taking notes, particularly if your teacher writes something on the whiteboard – it's there for you.

- **Join in** – to learn well you need to use English all the time. When you have the chance to talk in the classroom say as much as you can – speaking exercises are not a race to see who can finish first!
- **Ask questions** – if you don't understand, ask. Your teacher will be happy to explain things again.
- **Work together** – work with other students, answer each other's questions and test each other.
- **Be sociable** – this is a great place to make new friends from all over the world and if you are with people from other countries you will use English more. The school social programme is fun and it is a chance to use your English.
- **Have fun** – Read! Watch! Listen! English is all around you and study shouldn't be boring. You will learn more if you enjoy the language so use English to do things that you are interested in.

# Student Rules

**We do not have many rules at this school—the few rules we do have help us to create a good learning environment for the benefit of all our students.**

Please be on time for your lessons. It is not fair to interrupt the other students by arriving late.

**If you are under 18 you must call the school or send a message on WhatsApp to explain that you are running late.**

**If you are over 18 and more than 10 minutes late for your first lesson, you should wait until the next lesson.** You shouldn't be late for any other lesson.

- If you cannot come to school for any reason, you should email or phone the school and let us know. You should not be absent for more than 3 days without a valid reason.  
**Email:** [studentservices.cambridge@stgiles.co.uk](mailto:studentservices.cambridge@stgiles.co.uk)  
**Phone:** +44 (0) 1223 358 089
- It is against the law to smoke anywhere in the building and if caught, there is a £100 fine. If you wish to smoke, please use the outdoor spaces. If you smoke in front of the school, please allow space on the pavement for people to pass you safely.
- Please do not take food and drink (other than water) into the classrooms; this helps us to maintain a clean and hygienic environment for everyone at the school.
- **Please switch your mobile phone to silent when entering the classroom.** This will help to make a better learning environment for everyone. Sometimes your teacher will let you use your mobile as a learning aid. Please ask your teacher if this is OK.

If we consider your behaviour to be unreasonable, we will refer to the Discipline Code from our website, available at <https://www.stgiles-international.com/student-services/complaints-discipline>

## Attendance

It is important to attend all of your classes so you can learn as much as possible. The school monitors your attendance and is strict on this.

If you are sick or cannot attend school for longer than one day, you must call or email the school to tell us. If you are under-18, you must contact the school at the earliest opportunity if you are running late or know you will be absent.

**Email:** [studentservices.cambridge@stgiles.co.uk](mailto:studentservices.cambridge@stgiles.co.uk)

**Phone:** +44 (0) 1223 358 089

All changes/cancellations must be notified in time to take effect from a Sunday, and cannot be effected from midweek. (Please see Residence notes for further details). Please speak to a member of staff in Reception.

If you want to extend your course, please speak to our Student Services and Accommodation team in Reception.

There are also tickets available for popular West End musicals. Make the most of your weekends as well by going on excursions around Britain and Western Europe organised by local tour companies.

A monthly social programme is updated on the noticeboard available near the school Cafe. Please see Ilaria (Social Programme Organiser) or a member of the administration team during your break time for more information and to buy tickets. # Living in Cambridge

## Doctor or dentist

We advise students to register with a GP if they are staying for 4+ Weeks. Please see a member of the administrative team in Reception if you would like help to visit a doctor or dentist. Some overseas visitors to Britain are charged for medical treatment provided by the National Health Service. The following categories do not have to pay more than British people:

1. Nationals of countries which are members of the EU.
2. Nationals of countries which have an agreement with Britain—check in Reception.
3. Any person who has completed a period of 12 months residence in the United Kingdom.

Please note that for most foreign nationals, emergency treatment can still be obtained free of charge. If you do not qualify for free medical treatment, then you should have some sort of insurance cover in case you become ill.

If you are in a homestay, ask the host for details of their doctor or dentist. You can sometimes register with their doctor or dentist as a temporary resident.

The following GPs are convenient for students. Woodlands Surgery is located on Bateman Street and Lensfield Road Medical Centre is very close to the school. In case of an emergency doctor out of office hours, contact CamDoc (no appointment necessary).

## Safe Sex

If you have a sexual relationship while you are here in Britain, it is important to be safe. Condoms can be bought at any chemist or supermarket. The age of sexual consent in England is 16.

## Drugs

Many kinds of drugs are illegal in England. This includes some drugs that are more accepted in some other countries, such as cannabis. If somebody tries to sell you drugs in a pub or club, just say NO! Possession of any drug can result in a prison sentence. Smoking tobacco on public transport is not allowed and you must be over-18 years of age to buy cigarettes in the UK.

## Pubs

Pubs in England are normally open from 11.00– 23.00, although many are open later than 23.00. You are allowed to stay in the pub for another 20 minutes to finish your drink after the bar has closed. For those under-18, you can enter a pub but you cannot buy a drink, alcoholic or non-alcoholic. This is why we cannot allow under-18s to attend our social activities which take place in pubs.

## Theft

It is not a good idea to carry a lot of cash with you when you travel around Cambridge. In crowded places (especially shopping Centres, trains, pubs, restaurants, cafes etc.) there are often pickpockets looking for tourists with valuable items. Make sure you keep your phones, cameras, handbags and briefcases out of sight or closed and do not leave them unattended at any time. Take them with you when you leave the classroom in the intervals between lessons.

Be aware of who is around you when you are withdrawing money from a cash machine, bank or post office. Try not to carry large notes such as £50 notes. If any of your belongings are stolen or missing, report the loss to the police immediately:

<https://www.gov.uk/contact-police>.

Parkside Police Station, 39 Parkside, Cambridge CB1 1JG. Telephone 01223 358966

Remember to also contact your bank if you lose your credit card.

## ID

You do not need to carry your passport or ID card with you while you are in the UK. It is better to leave these and other important documents like your flight ticket at your homestay or hotel, or in the School safe. If you lose your passport/ID card or if it is stolen, contact the police and your Embassy as soon as possible: <https://www.gov.uk/report-a-lost-or-stolen-passport>

## Post Office

The Cambridge City Post Office located at 57-58 St Andrews Street, Cambridge CB2 3BZ. Not only can you send letters here but you can also exchange currency. Please show your St. Giles Student Card to receive better exchange rates on €Euros and \$US Dollars. The Post Office is open from 09:00 to 17:30 Monday to Saturday.

## Shoplifting

Shoplifting means taking things from shops without paying, and also includes taking souvenirs without permission from restaurants, hotels, bars etc. Shoplifting is against the law and the police take very strong action against people who are caught stealing. If you are caught shoplifting, you may be arrested and taken to court.

## On the streets

It is not a good idea to walk home alone at night, in deserted areas—especially for female students. If you are travelling at night, walk in a group or, preferably, use public transport or a taxi. Take a taxi to and from your destination (The largest local taxi firm is Camcab they can be called on 01223 704 704. They also have taxi ranks in the City Centre. To make sure a minicab is licensed, pre-book it, ensure the driver knows your name when he arrives and look for the official sticker in the front and rear windscreens of the vehicle. Never get into an unbooked minicab. These are illegal and may be unsafe.

## Banks

There are several banks and cash machines close to the school. The nearest banks are HSBC and RBS on Hills Road only a 5-minute walk from the school. With a short walk to the City Centre you will find all major banks such as Santander, Barclays, NatWest, HSBC, or Lloyds. Most banks are open between 09.30 and 16.00 Monday to Friday and some are open on Saturday mornings. If you want to open a bank account, you must be enrolled as a student for a minimum of six months. We can provide a letter to help you if we have arranged your accommodation but we cannot guarantee that the bank will give you an account. Please ask in Reception for further details.

## Visas

The School is not allowed to give individual advice about immigration or student visa enquiries. The Home Office can contact the School at any time to ask if a student has been attending class regularly. If you need advice, you can contact UKCISA (UK Council for International Student Affairs): [www.ukcisa.org.uk](http://www.ukcisa.org.uk)

Tel: 020 7107 9922 (Mon—Fri 13.00—16.00) or visit the UK Border Agency website: [www.ukvisas.gov.uk](http://www.ukvisas.gov.uk)

## Registering with the Police

If you need to register at the local Police Station on your arrival in the UK (this will be written on your visa or passport), the address is: Parkside Police Station, 39 Parkside, Cambridge CB1 1JG. Telephone 01223 358966

Please contact the Student Welfare Officer or Registrar who will arrange an appointment for you and help you with the necessary paperwork to take with you to your appointment.

There is a fee for registration, which is £34.00 and you will need 2 passport photographs.

## Police powers of arrest

To arrest you, the police needs reasonable grounds to suspect you are involved in a crime for which your arrest is necessary. The police have powers to search you when you are arrested.

If you are arrested the police must:

- identify themselves as the police
- tell you that you're being arrested
- tell you what crime they think you've committed
- explain why it's necessary to arrest you
- explain to you that you're not free to leave

If you are under 17, the police must contact your parents, guardian or carer as soon as possible after your arrival at the police station.

## Motoring and traffic regulations

If you want to drive in the UK, you must have a Driving Licence which is valid for use in the UK. The car must be insured and have road tax and a MOT Certificate – if you buy a car, you are responsible for paying the tax and insurance. You must always follow the Highway Code (laws that tell you what to do when driving). You must drive slower than the speed limit (measured in miles per hour – MPH - not kilometres). The minimum age for driving a car or riding a motorcycle is 17.

In the city, on smaller roads, the speed limit is 20 or 30 MPH and on the motorways between cities it is usually 70 MPH but you must look for signs because it can be lower. Remember to drive on the left and stop at red lights and zebra crossings. If you break the law, you will have to pay a fine and if you cause an accident, you could be sent to prison.

It is also illegal to read a text or check your phone when you are driving. You are allowed to use a completely hands-free phone while you are driving, but you are not allowed to touch it or pick it up. If you need to use your phone, you should park your car safely and turn off your engine.

The police can stop a vehicle for any reason. You're breaking the law if you don't stop.

If you are stopped, the police can ask to see your:

- driving licence
- insurance certificate
- MOT certificate

If you don't have these documents with you, you have 7 days to take them to a police station. The police can also give you an on-the-spot fixed penalty notice for many minor offences and make you take a breath test for alcohol. More serious offences can lead to prosecution followed by a fine or being sent to prison.

Some roads in England have tolls (charges) in order to use the road. If you plan on using a car in England, make sure you know which roads you are using and that you pay the tolls before you drive.

# Local Places of Interest

Here are some places you might like to visit while you are at St Giles. All of them are just a short walk away from the School.

**The Fitzwilliam Museum** located in the heart of Cambridge, the Museum is one of the most iconic buildings in the Cambridge cityscape. Its monumental neo-classic facade and columns are just a short walk away from the central colleges and the River Cam. The Museum was founded in 1816 by the 7th Viscount Fitzwilliam of Merrion who bequeathed his vast collections of art, music and books to the University of Cambridge

**King's College and Chapel** is a popular attraction. A visit to King's College Chapel is a truly inspirational experience. It is the largest and most spectacular of the college chapels in Cambridge

**Clare College and Gardens** A fine example of a 20th Century English garden, it was redesigned in 1947 by Neville Willmer, after the devastation of the war years. The garden still retains some of its earlier features, with old yews and chestnuts.

**The Corpus Clock**, The fabulously terrifying "Grasshopper Clock" on the corner of Corpus' Taylor Library is a must-see for any Cambridge visitor. Its shining, 24-carat gold dial and gruesome time-keeper make a dazzling addition to the historic city centre.

**The Wren Library** was completed in 1695 to the design of Sir Christopher Wren. Today it contains manuscripts and printed books together with various special collections given to the college during the last 180 years. Among the special collections housed in the Wren are 1250 medieval manuscripts; the Capell collection of early Shakespeare editions; many books from Sir Isaac Newton's own library, the Rothschild collection of 18th century English literature and A.A. Milne's manuscripts of Winnie-the-Pooh
